1. Indigenous Advancement Strategy (IAS): NAIDOC Local Grants Opportunity Process

The IAS is designed to achieve Australian Government objectives

This grant opportunity is part of the above grant program, which contributes to NIAA's Outcome 1. The NIAA works with stakeholders to plan and design the NAIDOC Local Grants Opportunity according to the [Commonwealth Grants Rules and Principles 2024 \(CGRPs\)](#).

The NAIDOC Local Grants Opportunity opens

We publish the Grant Opportunity Guidelines on [GrantConnect](#).

You complete and submit a grant application

You complete the application form and address all eligibility criteria, and assessment criteria if applicable, to be considered for a grant.

We assess all grant applications

We assess the applications against eligibility criteria and notify you if you are not eligible. If applicable, we will also assess your eligible application against the assessment criteria, including an overall consideration of value with money, and compare it to other applications. Our funding preference priorities will also be applied.

We make grant recommendations

We provide advice to the NIAA delegate (the decision maker) on the merits of each application.

Grant decisions are made

The decision maker decides which applications are successful and approves the level of funding to be provided.

We notify you of the outcome

We advise you of the outcome of your application.

We enter into a Grant Agreement

We will enter into a Grant Agreement with you if successful. The type of Grant Agreement is based on the nature of the grant and will be proportional to the risks involved.

Delivery of grant

You undertake the grant activity as set out in the Grant Agreement. We manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the NAIDOC Local Grants Opportunity

We may evaluate your specific grant activity and the broader NAIDOC Local Grants sub-program as a whole. We base this on information you provide to us and that we also collect from various sources.

1.1. Introduction

These Guidelines contain information about the IAS 2026 NAIDOC Local Grants Opportunity, including how to apply for grant funding.

You must read and understand these Guidelines before filling out an application form. This document sets out:

- the purpose of the grant opportunity
- details of funding available under Streams One, Two and Three
- the eligibility criteria for Streams One, Two and Three
- the assessment criterion for Stream Three – Large-Scale Grants
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the grant opportunity.

The NIAA uses the Community Grants Hub to receive applications and manage grants.

Any alterations and addenda¹ to these Guidelines will be published on [GrantConnect](#).

We administer the program according to the [Commonwealth Grants Rules and Principles 2024 \(CGRPs\)](#).

2. About the IAS grant program

The IAS is one way the Australian Government funds and delivers programs for First Nations people. This grant opportunity is available under *Program 1.4 – Culture and Capability* (Culture and Capability Program) of the IAS. The Culture and Capability Program supports First Nations people to maintain their culture and participate equally in the economic and social life of the nation (see [Appendix 1](#)).

Since 1975, NAIDOC Week has been celebrated each year, from the first Sunday in July. NAIDOC Week is an opportunity for First Nations Australians to celebrate their histories, cultures and achievements and to connect with community and Country. NAIDOC Week also allows non-Indigenous Australians to celebrate, connect with, and learn from Australia's First Nations people.

Each year, the National NAIDOC Committee provides a theme that celebrates the cultures and histories of Aboriginal and Torres Strait Islander peoples. The theme is public announced in advance of NAIDOC Week by the National NAIDOC Committee and celebrated through NAIDOC activities and events, including the National NAIDOC Awards Ceremony and the National NAIDOC Poster Competition. Grant recipients are encouraged to find out more information on the NAIDOC Week theme at the NAIDOC website (www.naidoc.org.au).

NAIDOC Local Grants are a NIAA initiative to support a wide range of small-scale NAIDOC activities / events at the grassroots and community levels across Australia that celebrate the histories, cultures and achievements of First Nations peoples. A limited number of grants for large-scale activities / events may also be funded. All NAIDOC Local Grants funding is designed to provide a co-contribution to your event – it is not intended to cover the full running costs. Grant recipients are encouraged to incorporate the NAIDOC Week theme into their activity or event.

The NIAA administers the IAS according to the [Commonwealth Grants Rules and Principles 2024 \(CGRPs\)](#).

¹ Alterations and addenda include, but are not limited to, corrections to currently published documents, changes to closing times for applications and the Applicants Guide.

2.1. The 2026 NAIDOC Local Grants Opportunity

This grant opportunity is designed to provide a funding co-contribution to the cost of running a NAIDOC Week activity/event held between 1 July and 31 October 2026. This grant opportunity is not intended to cover the full cost of running an activity / event. Organisations should have other sources of co-contribution funding which may include financial or non-financial (in-kind) co-contributions. Providing details of co-contributions may strengthen your application. See 15 15: Glossary for a definition of co-contribution for the purpose of these Guidelines.

The activity / event must meet the objectives of the NAIDOC Local Grant Opportunity (as set out below). An activity / event being run by a non-Indigenous organisation should have support from the local First Nations community and/or stakeholders. The NIAA strongly encourages you to provide a Letter of Support demonstrating this support.

Where an activity is being run by a Partnership or a Sole Trader, you must provide a Letter of Support from the secondary organisation (educational institution or organisation / event organiser) with whom you will conduct your activity / event. See 7.2 for requirements.

The objectives of the NAIDOC Local Grants Opportunity are to:

- support the expression, engagement and re-vitalisation of First Nations cultures,
- celebrate the history, culture and achievements of First Nations people,
- increase First Nations peoples' participation in the social and economic life of Australia, and
- promote broader understanding and acceptance of the unique place of First Nations cultures in Australian society.

The intended outcomes of the NAIDOC Local Grants Opportunity are to:

- contribute to the maintenance and strengthening of First Nations cultural expression and conservation, including recognition of Australia's shared history and valuable First Nations heritage,
- support activities that increase the participation of First Nations people in Australian society through improved individual, community and organisational capability and leadership, and
- promote the unique place First Nations people and their cultures have in Australian society.

There are three (3) funding Streams for this grant opportunity.

Stream One – Educational Institution Grants – Demand Driven

- This stream is for activities / events to be run by, or held for the benefit of, educational institutions².
- The maximum amount of funding you can apply for under this stream is \$1,500 (excluding GST)..
- An eligibility-based assessment process will be used with consideration of funding preference priorities (see 3.33.3).
- The NIAA may consider supporting an activity / event held for, or on behalf of, multiple educational institutions, or that includes student attendance from multiple educational institutions, under Stream Two - Small-Scale Grants.
- An educational institution whose students may participate in a larger activity / event under a separate Stream Two application can still submit their own application under Stream One for costs that will be incurred by the educational institution.

² An educational institution is a place where people of different ages gain an education, including preschools, early learning/childcare centres, primary-elementary schools, secondary-high schools, Technical and Further Education (TAFE) and universities. Parents and community (P&C associations) and school holiday programs fall under this definition.

- If an application is submitted under Streams Two or Three and is deemed by the NIAA to be for the benefit of one or more educational institutions, the NIAA will determine if the application should have been submitted under Stream One. If so, the application will be considered under Stream One, including only being considered for funding of up to \$1,500 (excluding GST).
- Prior written approval for educational institutions to apply for Stream Two - Small-Scale Grants should be sought from NAIDOCgrants@niaa.gov.au before an application is lodged.
- If you are uncertain whether to apply under Stream One or Two, contact NAIDOCgrants@niaa.gov.au to discuss your proposed activity before lodging your application.

Stream Two – Small-Scale Grants – Demand Driven

- The maximum funding you can apply for under this stream is \$10,000 (excluding GST).
- An eligibility-based assessment process will be used with consideration of funding preference priorities (see 3.3).

Stream Three – Large-Scale Grants – Open Competitive

- Applicants can apply for funding of more than \$10,000 and up to \$25,000 (excluding GST) under this stream.
- This stream is for activities / events (which may be delivered in multiple communities or locations), where the grant represents value with relevant money.³
- Applications will be assessed against eligibility and assessment criteria and compared against other Stream Three applications. Funding preference priorities will also be applied (see 3.3).

We expect most grants will be offered for applications in Stream Two (funding of \$10,000 or less (excluding GST)). We may approve a limited number of applications in Stream Three (funding of more than \$10,000 and up to \$25,000 (excluding GST)).

Please note NIAA intends to give funding preference to Indigenous Organisations when distributing funding across each NIAA Region. This may impact on the number of applications funded under Stream One.

NIAA delegates will exercise discretion in determining the allocation of grants across the three (3) funding streams, ensuring an equitable distribution of funding across locations within their respective NIAA Regions.

3. Grant amount and grant period

3.1. Grants available

In 2026, up to \$3.0 million is available for NAIDOC Week activities / events across Australia. See section 2.1 for information on the funding amounts available for each of the three (3) funding streams.

The available funding is distributed to each of the NIAA's Regions based on the 2021 Census data on Indigenous population in each region, with an adjustment for remoteness.

You can only submit one (1) application per organisation in each NIAA Region (see [Appendix 2](#)). If you are running:

- A single activity / event in a single NIAA Region – you can only submit one (1) application.
- Multiple activities / events in the same NIAA Region – you must include these activities in the one (1) application, using a separate financial line item for each activity / event location.

³ Key considerations in determining value with relevant money include cost, sources of financial or non-financial (in-kind) co-contributions, the purpose of the intended outcomes of the grant activity / event, and appropriateness and alignment to the objectives of the NAIDOC Local Grants Opportunity, together with the relevant experience of the applicant.

- For example: a Family Fun Day would be counted as a single activity. A Family Fun Day, an Elders' Luncheon, a Street March and a Children's Disco would be counted as four (4) activities.
- If you submit multiple applications for the same NIAA Region, only the last application you submit will be considered (based on the date and time stamp on the applications).
- Multiple activities / events in different NIAA Regions – you must submit a separate application for each NIAA Region.
 - For example: For an activity in Darwin (NIAA's Arnhem Land and Groote Eylandt (ALGE) Region) and an activity in Alice Springs (NIAA's Central Australia Region) you must submit two (2) separate applications – one for Darwin and one for Alice Springs.

We will decide which applications to approve based on these Guidelines.

All applicants should identify other sources of financial or non-financial (in-kind) co-contributions – these may strengthen your application. For Stream Three - Large-Scale grant applications only, an itemised list of co-contributions can be provided to assist with assessing value with relevant money. For non-financial (in-kind) co-contributions (such as volunteer time), the estimated value may be provided.

In the event the level of grant funding requested exceeds the level of grant funding available, not all applications assessed as being eligible for funding are guaranteed to be offered a grant.

The NIAA may choose to offer a successful applicant less than the funding amount they applied for. This could be due to consideration of the recommendations of assessors, funding preference priorities (see 3.3), value with relevant money, the availability of funds to meet program objectives, and/or funding requested for out-of-scope activities (see section 5). We may not fund an application if we consider the activity / event cannot proceed without the full amount of the NAIDOC Local Grant funding being sought.

3.2. Grants period

Activities / events funded by this grant opportunity must not start before 1 July 2026 and must be completed by 31 October 2026. Ideally activities / events should occur during NAIDOC Week (5 to 12 July 2026).

If your application is successful and you need to postpone your activity / event, we may consider varying your Grant Agreement to provide an extension up until 31 October 2026. This would generally only be in exceptional circumstances (e.g. guest speaker / entertainer availability, adverse weather events, Sorry Business etc.). See section 12.3 for more information.

3.3. Grant funding preference priorities

We will apply the following funding preference priorities:

1. organisations with at least 51% First Nations ownership and at least 51% First Nations control⁴, then
2. organisations with at least 50% First Nations ownership, control or management⁵, then
3. non-Indigenous organisations:
 - a) applying on behalf of a First Nations organisation in a consortium arrangement (where the non-Indigenous organisation is the lead organisation); then
 - b) that have not previously received NAIDOC funding; then
 - c) with a [Reconciliation Action Plan](#).

⁴ See section 15 : Glossary for a definition of 'control'.

⁵ See section 15 : Glossary for definitions of 'ownership', 'control' and 'management'.

See section 8 for information on the grant selection process, including application of the above funding preference priorities and indicative regional allocations and distribution.

Note: We may verify an organisation's status on one or more of the following registers; [Office of the Registrar of Indigenous Corporations \(ORIC\)](#), [Supply Nation](#), [Aboriginal Business Directory WA](#), [Northern Territory Indigenous Business Network](#), [NSW Indigenous Chamber of Commerce](#), [First Nations Chamber of Commerce and Industry](#), [Queensland Indigenous Business Network](#) and [Black Business Finder](#).

4. Eligibility criteria

We will only consider applications that satisfy all eligibility criteria.

4.1. Who is eligible for funding?

To be eligible you must:

- be intending to deliver an activity/event that:
 - supports the Australian Government's commitment to celebrate, support, and raise awareness of First Nations histories and cultures within the wider community and meets the objectives of the grant opportunity;
- if you are a non-Indigenous organisation, have support from your local First Nations community and/or stakeholders for the proposed activity / event:
 - we strongly encourage you to provide evidence of this (e.g. a Letter of Support) – we may request this from you if not included with your application. Failure to provide this on request may result in your application being deemed ineligible;
- if you are a Partnership or Sole Trader you must provide a Letter of Support from the secondary organisation (educational institution or organisation / event organiser) where your activity will take place. In the case of a Partnership or Sole Trader using their own premises a Letter of Support should come from confirmed attendees. For non-Indigenous Partnerships or Sole Traders, this Letter of Support must come from the local First Nations community and/or stakeholders. See section 7.2 for requirements;
- have an Australian Business Number (ABN) (exemptions may apply in special cases – see [Appendix 3](#));
- where relevant, be registered for the purposes of GST;
- have an account with an Australian financial institution; and
- be one of the following entity types:
 - an Aboriginal and/or Torres Strait Islander Corporation registered under the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) (CATSI Act)
 - a company incorporated in Australia under the [Corporations Act 2001](#)
 - an incorporated association (incorporated under state / territory legislation, commonly have 'Association' or 'Incorporated' or 'Inc' in their legal name)
 - an incorporated cooperative (incorporated under state / territory legislation, commonly have 'Cooperative' in their legal name)
 - an organisation established through a specific piece of Commonwealth or state / territory legislation including public benevolent institutions, churches and universities
 - an Australian local government body
 - an incorporated Trustee on behalf of a Trust⁶
 - a Partnership
 - a Sole Trader

- a joint (consortium) application with a lead organisation that satisfies the entity type, or
- an educational institution or correctional facility.

We will not accept your application unless you:

- have rectified any issues of previous non-compliance with existing Commonwealth agreements to the satisfaction of the Commonwealth, or be in the process of rectifying any issues of non-compliance with existing Commonwealth agreements to the satisfaction of the Commonwealth, and
- satisfy us that you are, or your organisation is, financially viable. The application form has questions about financial viability. We may also undertake our own enquiries in relation to your financial viability.

4.2. Who is not eligible to apply for a grant?

You are not eligible to apply if, at the time of applying, you are:

- an individual
- an organisation, or your activity / event partner is an organisation, included on the [National Redress Scheme](#)'s website on the list of 'Institutions that have not joined or signified their intent to join the Scheme'
- a corporate or non-corporate Commonwealth entity
- a non-corporate Commonwealth Statutory Authority
- an unincorporated association
- subject to the NIAA's sole discretion, an overseas resident
- an organisation not included in section 4.
- declared bankrupt or subject to insolvency proceedings—as relevant to the entity type
- named as currently non-compliant under the [Workplace Gender Equality Act 2012](#), or
- a state or territory agency or body, including Government Business Enterprises (except if applying on behalf of an educational institution or correctional facility).

Community groups that are not eligible to apply for funding in their own right are encouraged to consider partnering with an eligible organisation to auspice the application. An auspicings body could include a joint venture partner, a partnership or a supporting organisation. For example, an organisation may auspice a volunteer NAIDOC Committee by managing the grant funding.

If you are auspicings an application for another organisation that will be delivering the activity / event, this should be outlined in your application under the "Consortium Applications" field.

4.3. What qualifications, skills or checks are required?

You must be able to demonstrate that you intend to, and can demonstrate you will be able to, comply with all applicable laws if your application is successful. This includes maintaining all qualifications, permits, registrations and licences required for the lawful performance of the activity / event you will undertake/host/conduct. This also includes, where relevant, mandatory requirements for:

- Working with Children checks and / or Working with Vulnerable People registration (as required by the jurisdiction in which the activity / event will take place);
- industry licenses or registration; or
- [Australian Skills Quality Authority](#) accreditation.

4.4. Incorporation requirements

Subject to certain exceptions, under the [Strengthening Organisational Governance Policy](#), all organisations that receive IAS grant funding totaling \$500,000 or more in any single financial year are required to:

- incorporate under Commonwealth legislation – Indigenous organisations will be required to incorporate under the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) and other organisations will be required to incorporate under the [Corporations Act 2001](#); and
- maintain these arrangements while they continue to receive any IAS funding.

Indigenous organisations already incorporated under the [Corporations Act 2001](#) do not have to change their incorporation status. However, all other Indigenous organisations must be incorporated under the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) so they can access the assistance and support available under the Act.

5. What the grant money can be used for

5.1. Eligible grant activities

When submitting your application, you will be required to provide an itemised budget for the funding requested for your activity / event. You should identify any financial or non-financial co-contributions in the Co-contributions section of the application form. As grant funding must not be used for out-of-scope items, you will need to source other funding to cover the cost of any items listed in section 5.4.

You can only use your NAIDOC Local Grant funding for:

- the activity / event itself – not for the cost of preparations (e.g. staff time, travel, ordering supplies; or
- an activity that meets the objectives of the NAIDOC Local Grant Opportunity (including supporting the expression, engagement and re-vitalisation of First Nations cultures; and celebrating the history, culture and achievements of First Nations peoples).

The type of activities we fund include (but are not limited to):

- activities that promote healthy outcomes for First Nations people;
- arts based activities, including design work, painting, dancing, crafts and storytelling;
- family fun days;
- cultural activities, including Welcome to Country;
- Elders activities;
- bush tucker and other community cooking activities;
- NAIDOC themed sporting activities or competitions; and
- activities that actively promote reconciliation.
- Educational institution-based activities involving the local First Nations community such as:
 - presentation by a First Nations person on First Nations histories and cultures;
 - discussion on totem, skin or kinship systems;
 - telling Dreaming and / or creation stories, Our Creation Spirit;
 - teaching traditional songs;
 - teaching of traditional symbols used in body painting, carving and other mediums (this could include having an artist in residence for the week);
 - using sand boxes to show animal tracking;
 - teaching about First Nations peoples' knowledge, and use, of the stars for travel, seasons and other purposes;

- weaving classes;
- conducting local language lessons;
- a cultural artefact exhibition; and
- walking on Country with a First Nations person identifying native foods and healing plants growing locally, rock shelters, scarred trees, etc.

Where possible and relevant, your proposed grant activity should take into account:

- the cultural and linguistic needs of First Nations people and others whose first language is not English, and be mindful of the Commonwealth Ombudsman's Best Practice Principles for interpreting (see [Use of Interpreters – Commonwealth Ombudsman](#));
- the needs of Australians with disability, including how the proposal supports one or more of the six policy outcome areas outlined in the Department of Social Services [Australia's Disability Strategy 2021-2031](#); and
- differing barriers and opportunities experienced by subsets of the target community, including First Nations men and women, and the impact these might have on access to funded activities / events.

This could include articulating the specific ways delivery of the activity / event will address barriers to participation for different groups (for example, how the activity / event will support gender equitable outcomes in the community).

Given the changing and variable impacts of COVID-19 across Australia, activities must be delivered in accordance with the latest government and health [advice](#) to limit the risk of transmission of COVID-19, particularly with respect to protecting Elders and those with chronic health issues.

Before commencing an activity / event, it is your responsibility to develop a COVID-19 Risk Management Plan. The Risk Management Plan should include any potential risks associated with the delivery of an activity / event and identify the strategies that you will put in place to minimise those risks. Upon request, you may be required to provide evidence to us that you have a COVID-19 Risk Management Plan in place.

5.2. Eligible locations

All activities / events must be delivered in Australia. A NAIDOC grant funded activity / event must be delivered in the location/s set out in your Grant Agreement, unless otherwise agreed by the NIAA in writing. This would generally only be in exceptional circumstances (e.g. extreme weather events).

5.3. Eligible expenditure

You can only spend the grant funds on eligible grant activities (see section 5.1) as defined in your Grant Agreement, unless we otherwise agree in writing to an alternative use.

You must incur the expenditure between the dates specified in your Grant Agreement, unless otherwise agreed in writing by us.

5.4. What the Grant money cannot be used for

NAIDOC Local Grants funding cannot be used for the following out-of-scope activities including, but not limited to:

- advertising, promotional materials, (e.g. banners etc. with an organisation's branding), marketing, printing, social media campaigns;
- social media reels, event stills, video recording of large events
- costumes, clothing and merchandise (NAIDOC themed or otherwise) including clothing for staff and/or event participants such as t-shirts, hats, lanyards, wristbands, key rings, bag tags;
- curriculum resources and other activities that would be covered by schools funding (e.g. paint, art smocks, beads, pencils, paper, scissors, containers, printing);

- activity / event attendance costs (e.g. concert, assistance with formal attire, makeup, hairdos, photographic/video packages);
- awards or gifts (e.g. certificates, prizes (including cash), vouchers/gift cards, door prizes, showbags, gift hampers, trophies);
- sporting equipment and/or kits and uniforms (including footballs, netballs, jerseys/guernseys, warm-up tops, socks, shorts, beanies, caps, hats etc) for players;
- coach or referee payments;
- corporate hospitality including breakfasts, lunches, dinners, launches and/or openings;
- professional development and training courses, design and implementation of programs, staff training and/or development, staff cultural immersion days, in-house staff activities;
- conference attendance or activity / event entry tickets (including NAIDOC Ball tickets);
- digital resource development, webinars, activities or events that are available only online or require a cost to view;
- administration costs (e.g. rent, building leases, subscriptions, utilities, office supplies, legal expenses, depreciation, fringe benefits tax, accounting and/or audits, insurance, etc.);
- project management; consultants;
- contingencies, incidentals, miscellaneous, wages, relief staff, locums;
- travel costs (e.g. airfares, taxi fares), accommodation, meals (for staff, entertainers etc.);
- alcohol (including as part of an entry/ticket price for an activity / event);
- movie licensing, book publishing, production designs or technologies;
- fixed infrastructure / capital works, construction and renovations (e.g. building a shed or pergola);
- office furniture and equipment, motor vehicles, computers, photocopiers;
- attendance at, or organisation of, Sorry Business / funerals;
- payment of fines or loans, purchase of gifts, personal debts, or sitting fees;
- costs incurred in the preparation of a grant application or related documentation unless specifically agreed with us;
- activities for which other Commonwealth, State, Territory or local government bodies have primary responsibility; and
- expenses for which other Commonwealth, State, Territory or local government bodies have primary responsibility to provide the source of funding, unless otherwise specifically agreed with us.

These expenses can be funded by:

- your, or another, organisation (including as an in-kind co-contribution); or
- as a co-contribution (including as an in-kind co-contribution) from one of your consortium partners.

6. The assessment criterion

THIS SECTION ONLY APPLIES TO STREAM THREE – LARGE-SCALE GRANT APPLICATIONS SEEKING MORE THAN \$10,000 AND UP TO \$25,000 IN GRANT FUNDING

Eligible applications for Large-Scale Grants will be scored from 0 - 5⁶ based on their response to the assessment criterion.

Eligible applications scored 0, 1 or 2 will not be funded (see section 16 : Scoring Matrix).

⁶ An application will be rated on whether it 'Meets' (score of 3, 4 or 5), or 'Does not Meet' (score of 0, 1 or 2) the assessment criterion. See section 16 : Scoring Matrix

Criterion 1: Demonstrated Experience, Resources and Capability

A primary consideration for funding Large-Scale Grants is the capacity and prior experience of the applicant to deliver quality services and provide value with relevant money.

You should describe how:

- the proposed activity / event can deliver the intended outcomes of the grant opportunity for the community the activity / event is to be delivered for as outlined in section 2.1;
- your experience, resources and capability will support you to deliver a high quality activity / event;
- risks associated with the proposed activity / event, including work, health and safety risks, will be managed; and
- the proposed activity / event represents value with relevant money (also see 15 : Glossary for definition).

You can use up to 6,000 characters including spaces (approximately 900 words) to respond to this question. The application form will not accept characters beyond this limit.

The amount of detail and supporting evidence you provide should be relative to the size, complexity and grant amount requested. You can provide details of your co-contributions in your response. This may assist us with assessing your activity / event's value with relevant money and may strengthen your application. Your response must be included in the space provided in the application form. Your response cannot be included in an attachment.

You can attach evidence in support of your application, including (but not limited to) Letter/s of Support, research and statistics. For non-Indigenous organisations, we strongly encourage you to provide a Letter of Support from your local First Nations community and/or stakeholders. We may request this from you if you do not include one with your application.

7. How to apply

By registering on [GrantConnect](#), you will be automatically notified if there are any changes to this grant opportunity. [GrantConnect](#) is the authoritative source for grants information.

Before applying, you must read and understand:

- these Guidelines;
- the Bank Account Verification Document;
- the NAIDOC Local Grants Opportunity Applicants Guide;
- the sample application form; and
- the sample Grant Agreement.

To apply you must:

- complete the online NAIDOC Local Grants Opportunity application form on [GrantConnect](#), including:
 - addressing the eligibility requirements of the grant opportunity; and
 - providing a clear description of how your activity aligns with the objectives of the grant opportunity, including demonstrating how it supports the expression, engagement and re-vitalisation of First Nations cultures and celebrates First Nations history, culture or achievements; and
 - a separate financial line for each activity / event location if you are holding multiple activities / events within the same NIAA Region; and

- a budget with a full breakdown of all activity / event costs:
 - items must be GST exclusive;
 - grant funding costs must meet the requirements set out in section 5.1 and section 5.4; and
- for Stream Three - Large-Scale Grants applications seeking funding of more than \$10,000 and up to \$25,000 (excluding GST) – addressing the assessment criteria. Your response must be provided in the space provided in the application form (we will not accept the response as an attachment).
- include all necessary attachments (see section 5.1); and
- submit your application no later than **3.00pm AEDST on Thursday, 19 February 2026**.

You should use the checklist at [Appendix 4](#) to make sure that your application is complete.

As outlined in section 3.1, **you can only submit one (1) application per organisation in each NIAA Region**. If you or your organisation submit multiple applications for the same NIAA Region, we will only assess the one with the latest date and time stamp. Organisations submitting their own application in addition to auspicing another application must ensure the auspicing arrangement is addressed under the “Consortium Applications” field. This will prevent one or the other application being treated as a duplicate application.

You are responsible for ensuring that your application is complete and accurate. Giving false or misleading information is a serious offence under the [Criminal Code 1995](#) and we will investigate any false or misleading information and may exclude your application from further consideration.

If you find an error in your application after submitting it, but before the closing date and time, you can either:

- submit a new application with the correct information, noting we will only assess the one with the latest date and time stamp; or
- contact the NIAA Assessment Coordination and Briefing Support team immediately at IASAMO@niaa.gov.au.

We do not have to accept any additional information, nor requests from you to correct your application after the closing time.

It is important to note that **any discussion with us** about a proposed grant activity or the lodgement of an application form **does not guarantee that your application will be funded**.

If we find an error or information that is missing, we may ask for clarification or additional information from you that will not change the nature of your application. However, we can refuse to accept any additional information from you after the application closing date and time that would change your submission. You should keep a copy of your application and any supporting documents. Once your application has been successfully lodged, you will receive an electronic Successful Submission Receipt (see image below) that includes your submission reference number.

Australian Government

Successful Submission Receipt

Your application form has been successfully received. All applicants will be notified in writing on the outcome of their application in due course.

It is important to print or save this receipt for your records. Please use the Application Id for any future correspondence regarding this application.

7.1. Attachments to the application

The following documents must be included with your application:

- evidence of your organisation's bank account (i.e. a copy of a bank statement that is not more than six (6) months old, or a letter from your bank (on bank letterhead)) in a non-editable format;
 - **DO NOT** provide personal bank account details, unless you are a Sole Trader.
 - Examples of valid bank account statements are provided in the Bank Account Verification Document on GrantConnect.
 - If the bank account details provided with your application cannot be verified, the Commonwealth Grants Hub and/or the NIAA will make up to two (2) attempts to obtain valid documentation from you. You may be contacted via email and/or phone.
 - If valid bank account details are not supplied within five (5) days of the second request, your application will be withdrawn.
 - It is your responsibility to monitor the email addresses provided in your application (including spam/junk) and voicemail/message bank for your nominated phone numbers.
- if you are applying as a Trustee on behalf of a Trust, a Trust deed and any subsequent variations;
- if you are applying as a First Nations Partnership⁸ or Sole Trader, you must provide a Letter of Support from the secondary organisation (educational institution or / organisation/event organiser) as per section 7.2;
- if you are applying as a non-Indigenous Partnership or Sole Trader, a Letter of Support from the local First Nations community and/or stakeholders as per section 7.2;
- if you are submitting a joint (consortium) application, a Letter of Support from each partner as per section 7.3;
- a copy of your Certificate of Incorporation where relevant (Organisations registered with [Australian Charities and Not-for-profits Commission](#) are exempt from this requirement);
- if you are not able to quote an ABN, a copy of a completed ATO '[Statement by a supplier \(reason for not quoting an ABN to an enterprise\)](#)' form; and
- for non-government applicants that do not have an existing Grant Agreement with the NIAA, you will need to attach a copy of your organisation's most recent financial statements, such as an audited expenditure report, income and expenditure statement, or a balance sheet.

You **must attach** supporting documentation according to the instructions provided within the application form. You should only attach the requested documents. If a mandatory attachment is not provided, your application may be considered non-compliant and may not proceed to assessment.

Please note the size limit for each application is 10MB. There is also a 2MB size limit for each attachment. Our information technology system is not capable of receiving applications that exceed 10MB and any applications above this limit will not be received.

7.2. Partnership or Sole Trader applications

A Letter of Support for a Partnership or Sole Trader who will conduct an activity as part of a larger event should include:

- details of the event organisation/s;
- an overview of how the Partnership or Sole Trader will work with the event organiser to successfully deliver the activity;
- an outline of the relevant experience and/or expertise the Partnership or Sole Trader's activity will bring to the event; and
- details of a nominated management level contact officer at the event organisation.

7.3. Joint (consortium) applications

We recognise some organisations may want to come together as a group to deliver a NAIDOC activity / event. We welcome joint/consortium applications. In these circumstances, you must appoint a 'lead organisation'. Only the lead organisation can submit the application form and enter into a Grant Agreement with us. The application must identify all other members of the proposed group (and include a Letter of Support from each of the partners).

Each Letter of Support should include:

- details of the partner organisation/s (including the percentages of First Nations ownership, control and/or management);
- an overview of how each partner organisation will work with the lead organisation and any other partner organisations in the group to successfully complete the grant activity;
- an outline of the relevant experience and/or expertise each partner organisation will bring to the group;
- the roles / responsibilities of each partner organisation and the resources they will contribute, if any; and
- details of a nominated management level contact officer at each partner organisation.

You must have a formal arrangement in place with all parties prior to execution of the Grant Agreement.

7.4. Trust applications

For applications made on behalf of a Trust, the application must be made in the name of the Trustee/s of the Trust, as listed in the Trust Deed.

The applicant must provide a copy of the Trust Deed as in force at the time the application is made.

For example, if ABC Trust has a Trustee listed in the Trust Deed as XYZ Pty Ltd, then the application must be made in the name of XYZ Pty Ltd as Trustee for ABC Trust.

7.5. Timing of grant opportunity processes

You can submit an application at any time over the duration of the grant opportunity being open. The grant opportunity will run from **Monday 19 January 2026 to 3:00pm AEDST on Thursday 19 February 2026**.

We reserve the right not to accept a late application, but in making our decision we may consider the degree of lateness and whether the cause was beyond your control (for example, natural disasters or Sorry Business).

We aim to notify you of the outcome of your application within 120 days from the date the grant opportunity closes.

If your application is successful, we expect you will be able to complete your grant activity in accordance with the timing outlined in section 3.2.

7.6. Questions during the application process

If you have any questions during the application period please contact the NAIDOC Team at NAIDOCgrants@niaa.gov.au. We will endeavour to respond to emailed questions within three (3) business days.

If you have already submitted your application and identify an error, please contact IASAMO@niaa.gov.au (as outlined above).

We do not provide financial or legal advice to applicants or grantees. Applicants or grantees should seek their own independent professional advice on financial and legal matters, including compliance with any statutory obligations.

8. The grant selection process

8.1. Assessment of grant applications

We will assess your application on whether it meets the eligibility criteria in section 4.

For Stream Three - Large-Scale Grant applications only (i.e. those seeking funding of more than \$10,000 and up to \$25,000 (excluding GST)), we will also assess your response to the assessment criterion (see section 6) and give a score from 0 - 5 (see section 16 : Scoring Matrix). Your application will be rated⁷ and will then be compared against other applications in Stream Three. Applications for Stream Three - Large-Scale Grants assessed as 'Does not Meet' the assessment criterion, i.e. scoring 0, 1 or 2, will not be funded (see section 16 : Scoring Matrix). The NIAA will not consider these applications, or those that fail to respond to the assessment criterion, as Stream Two - Small-Scale Grant applications.

Following assessment, funding preference priorities (see 3.3) will then be applied to eligible applications for Stream Two - Small-Scale Grants, and eligible applications for Stream Three - Large-Scale Grants that have been assessed as 'Meets' the assessment criterion (with a score of 3 – 5 out of 5), within each NIAA Region.

In addition, distribution of funds within each NIAA region and regional priorities will be considered when making funding decisions. For example, if one location within a NIAA Region has multiple eligible applications and another location has only one, the sole application in this location may be prioritised to support equitable funding distribution across the NIAA Regions.

The NAIDOC Local Grant opportunity provides funding preference to Indigenous Organisations when distributing funding across each NIAA Region. This may impact on the number of applications funded under Stream One.

NIAA delegates will decide on the number and value of grants awarded in each of the three (3) funding streams within NIAA Regions. We expect most grants will be offered to applications in Stream Two – Small Scale Grants.

When deciding which applications to fund, in addition to the above, we will consider the extent to which an application represents value with relevant money (see 15 : Glossary for definition), which may include:

- cost, including financial or non-financial (in-kind) co-contributions;
- appropriateness and purpose of the grant activity;
- alignment with the outcomes and objectives of this grant opportunity;
- relevant experience of the applicant; and
- potential risks based on NIAA staff regional knowledge.

You may be asked to provide further information, including evidence of co-contributions. If we request further information, your application may not be able to be processed while this information is outstanding. You will be required to provide any requested information within five (5) business days.

8.2. First Nations Preferencing Policy

The Australian Government is committed to supporting First Nations people to maximise their influence over the design and implementation of grant-funded activities / events that are intended to benefit them. As such, we will give first priority to funding Indigenous organisations for this grant opportunity, as outlined in 3.3.

⁷ An application will be rated on whether it 'Meets' (score of 3, 4 or 5), or 'Does not Meet' (score of 0, 1 or 2) the assessment criterion. See section 16 : Scoring Matrix

We may gather information to determine the number of Indigenous and non-Indigenous organisations funded through the IAS and the number and percentage of Aboriginal and Torres Strait Islander peoples employed in all funded organisations.

We may also gather information from grantees about the total value and number of contracts for goods and services that are provided by Indigenous Enterprises (refer section 15 : Glossary for definition).

To support the implementation of our funding preference priorities, we may request further evidence of your organisation's Indigeneity and support from your local First Nations community and/or stakeholders. If we request further information, your application may not be able to be processed while this information is outstanding. You will be required to provide any requested information within five (5) business days.

8.3. Who will assess applications?

Assessments will be undertaken by NIAA staff who will have access (as required) to subject matter experts.

We will then put forward a recommendation to the relevant NIAA delegate about whether to approve the grant funding being sought, in part or in full, based on the merits of the application, regional distribution and the funding preference priorities.

To ensure probity, NIAA staff who provide support in developing an application will not be involved in its assessment.

8.4. Who will approve grants?

NIAA Regional Managers are the delegated decision-makers for this grant opportunity. They will approve grants taking into account the recommendations of assessors, regional distribution, funding preference priorities (see 3.3) and the availability of grant funding.

A decision-maker's decision is final in all matters, including the:

- decision to award or not award a grant;
- amount of grant funding to be awarded; and
- terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

9.1. Feedback on your application

If your application is unsuccessful, you may seek feedback on your application by contacting your local [NIAA Regional Office](#).

10. Successful grant applications

10.1. The Grant Agreement

If your application is successful and you choose to accept a grant offer, you must enter into a legally binding agreement with us. The Grant Agreement will be established through your acceptance of a Letter of Offer, which includes an attached Schedule outlining the Terms and Conditions for the Grant Agreement. The Grant Agreement has some general terms and conditions that cannot be changed.

You will have 5 - 10 business days from the date of the written offer to execute a Grant Agreement with the Commonwealth. During this time, the NIAA will work with you to finalise details of the Grant Agreement. Any changes to the Grant Agreement will be reviewed to ensure they do not impact the grant as approved by the NIAA Delegate. The offer may lapse if both parties do not execute the Grant

Agreement within this time. Under certain circumstances the NIAA may extend this period. If there are unreasonable delays in finalising a Grant Agreement the grant offer may be withdrawn and the grant may be offered to a different applicant.

There is no guarantee of funding until both parties have executed the Grant Agreement.

If you fail to meet the obligations of the Grant Agreement we may terminate the Grant Agreement. We, or the Commonwealth, may also recover grant funds if there is a breach of the Grant Agreement.

10.2. Management of underspend

A previous debt or underspend of an NIAA grant may influence the outcome of an application, including an awarded grant amount. We reserve the right to recover underspends of one grant via offsets in another. Offsetting involves reducing future grant payments up to the amount of the underspend. If a debt has been incurred, we may seek return of those funds or pursue other remedies.

10.3. Execution of the Grant Agreement

You will have 10 business days from the date of a written offer to execute the Grant Agreement with us or in accordance with other instructions provided by us in writing. During this time, we will work with you to finalise details.

If there are unreasonable delays in executing a Grant Agreement the grant offer may be withdrawn and the grant may be offered to an alternative applicant. We may extend this period in certain circumstances.

10.4. Specific legislation, policies and industry standards

You are required to be compliant with all relevant laws and regulations.

10.5. How we pay the grant

A Grant Agreement must be executed before we can make a payment. A single payment will be made on execution of the Grant Agreement and in accordance with the Terms and Conditions of the Grant Agreement. The Grant Agreement will state the maximum grant amount to be paid. Payment to you will not exceed the maximum grant amount under any circumstances. If you incur extra costs you must meet those costs yourself.

We are not responsible for any of your expenditure incurred before a Grant Agreement is executed. If you choose to hold your grant activity before you have an executed a Grant Agreement, you do so at your own risk (including incurring financial costs that may not be covered by the Grant Agreement).

You may be required to report how you spent the grant funds at the completion of the grant activity. Details are set out in the Terms and Conditions of the Grant Agreement.

10.6. Grants payment and GST

Payments will be [Goods and Services Tax](#) (GST) inclusive unless you are not registered for GST or certain exceptions set out in the GST legislation apply. Subject to those exceptions, we will add GST to your grant payment and issue you with a [Recipient Created Tax Invoice](#) (RCTI).

Unless otherwise indicated by us, all figures quoted in grant documentation will be GST exclusive.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on taxation matters.

10.7. Risk and compliance

In managing risk and compliance we will work with you to achieve the intended outcomes of the grant activity. The risk management approach will focus management effort where risk levels are high, and supports consistent application of appropriate grant controls based on assessed risks.

The Grant Agreement reflects the nature of the activity / event and the level of risk involved at both the **organisation** and **activity** levels.

- **Organisation risk assessment.** an Organisation Risk Profile (ORP) may be completed at the time a grant application is assessed, or an existing grant is considered for extension. The ORP is an evidence-based tool that assesses an organisation's governance, financial management and service delivery capability. The ORP enables consistent and transparent assessment by our staff.
- **Activity risk assessment.** NAIDOC grant activities may undergo an Activity Risk Assessment (ARA) to determine whether the grant activity risk is low, medium, high or extreme. This assessment takes into account the ORP rating, the annualised value of the grant activity and the nature of the activity / event. This approach enables the application of standard Grant Agreement requirements, controls and management approaches for low, medium, high or extreme risk grant activities, while also building in controls for any special requirements that apply, such as working with vulnerable people and work health and safety.

As a principle, higher risk activities will typically be subject to increased controls and greater oversight. The intent of this is to work with organisations to overcome risks. Conversely, low risk activities will be subject to less oversight and management, which may include a single payment and reduced reporting.

11. Announcement of Grants

Your grant will be listed on the [GrantConnect](#) website within 21 calendar days after the Grant Agreement is executed, as required by section 5.4 of the [CGRPs](#).

12. How we monitor your grant activity

We may use a number of approaches to monitor NAIDOC Local Grant activities / events, including site visits to the activity / event, consideration of your Financial Declaration (if requested) and liaison with you regarding progress against your Grant Agreement.

12.1. Keeping us informed

You should let us know if anything is likely to affect your grant activity or organisation by contacting our contact officer listed in your Grant Agreement.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your grant activity, carry on business and pay debts due.

You must also inform us of changes to any of the following:

- name;
- addresses;
- nominated contact details;
- bank account details;
- ABN;
- GST registration or status;
- any instance where your organisation may no longer meet the definition of an Indigenous organisation (if it initially did); and
- if your organisation has an outstanding and overdue ATO debt.

If you become aware of a breach of the Terms and Conditions under the Grant Agreement, you must contact us immediately.

12.2. Reporting

Financial Declarations may be required from grantees to provide evidence that funds have been expended for the purposes provided as agreed and so that any underspend can be managed.

If asked, you will need to provide a Financial Declaration as set out in the Terms and Conditions of the Grant Agreement. A Financial Declaration is a certification from your organisation stating that funds were spent for the purpose provided as outlined in the Grant Agreement and in which you are required to declare unspent funds. The Financial Declaration must be certified by the Board, the Chief Executive Officer or an officer with the authority to verify the organisation has spent the funds in accordance with the Grant Agreement.

12.3. Grant Agreement variations

We recognise that unexpected events may affect your activity / event. In these circumstances, either we or you can request a variation to the Grant Agreement, including:

- changing the activity / event start and / or end date;
- extending the timeframe for completing the grant, but not beyond 31 October;
- changing the grant activity / event;
- changing the location of the activity / event; and / or
- reducing funding.

If either we or your organisation want to propose changes to the Grant Agreement, the instigating party must put its concerns, issues and proposed changes in writing to the address in the Letter of Offer or to NAIDOCgrants@niaa.gov.au before the Grant Completion Date.

You should not assume that a variation request will be agreed to. We will consider your request based on factors such as:

- how it affects the grant activity outcome;
- consistency with the objectives of the NAIDOC Local Grants Opportunity and any relevant policies of the NIAA; and
- changes to the timing of grant payments.

All decisions to vary a Grant Agreement must be mutually agreed between you and us before a variation is provided for the parties to execute.

12.4. Record keeping

You must comply with the record keeping requirements as set out in the Grant Agreement.

12.5. Evaluation

We may evaluate the grant activity to investigate how well the outcomes and objectives of the grant opportunity have been achieved and to ensure the activity / event has achieved value with relevant money (see 15 : Glossary for definition). We may use information from your application for this purpose.

12.6. Acknowledgement of funding

We require all funded organisations to acknowledge the Australian Government's contribution of financial support. As part of your Grant Agreement, you must agree to acknowledge our support in material printed or published in connection with your NAIDOC grant funded activity / event. This includes flyers, advertising materials, and social media posts, but not merchandise, promotional gifts or giveaways.

All NAIDOC Local Grantees must acknowledge the funding contribution from the NIAA using the following wording:

'This NAIDOC Week Activity is delivered with funding support from the National Indigenous Australians Agency.'

13. Probity

We will make sure the NAIDOC Local Grants Opportunity process: is fair, according to these Guidelines; incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct; and is consistent with the [CGRPs](#).

13.1. Enquiries and feedback

Contact your local NIAA Regional Office if you have any questions about this grant opportunity, including grant decisions. You may also email NAIDOCgrants@niaa.gov.au.

If you would like to make a complaint about this grant process phone (02) 6152 3050 or email NIAAComplaints@niaa.gov.au.

If you do not agree with the way we have handled your complaint, you may wish to contact the Commonwealth Ombudsman. The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with us.

The Commonwealth Ombudsman can be contacted on:

- Phone (Toll free): 1300 362 072
- Email: ombudsman@ombudsman.gov.au
- Website: ombudsman.gov.au

13.2. Conflicts of interest

Conflicts of interest can affect the performance of the NAIDOC Local Grants Opportunity. There may be an actual conflict of interest, a perceived conflict of interest, or a potential conflict of interest, if our staff, any member of a committee, panel or advisor and/or you or any of your organisation's personnel, including subcontractors and volunteers has, but is not limited to:

- a professional, political, commercial or personal relationship with a party that is or is perceived to be able to influence the application selection process, such as an Australian Government officer or member of an external panel;
- a relationship with, or interest in, an organisation or individual, which is likely to interfere with or restrict the applicants from carrying out the proposed activities/events fairly and independently; and/or
- a relationship with, or interest in, an organisation or individual from which they will receive personal gain because the organisation receives a grant under the NAIDOC Local Grants Opportunity.

You will be asked to declare, as part of your application, any actual, perceived or potential conflicts of interests or that, to the best of your knowledge, there is no conflict of interest. We will make the final decision on what is determined as an actual, potential or perceived conflict of interest.

If you later identify an actual conflict of interest, a perceived conflict of interest, or a potential conflict of interest, you or your organisation must inform us in writing immediately and provide further information to our satisfaction.

Our staff, Committee members and other officials including the decision maker must also declare any conflicts of interest.

Conflicts of interest for Australian Government staff will be handled as set out in the Australian Public Service Code of Conduct (section 13(7)) of the *Public Service Act 1999*.

13.3. Privacy

We treat your personal information according to the [Privacy Act 1988](#) and the [Australian Privacy Principles](#). This includes letting you know:

- what personal information we collect;
- why we collect your personal information; and
- who we give your personal information to.

Your personal information can only be disclosed to someone for the primary purpose for which it was collected unless an exemption applies.

The Australian Government may also use and disclose information about grant applicants and grant recipients under this grant opportunity in any other Australian Government business or function. This includes disclosing grant information on [GrantConnect](#) as required for reporting purposes and giving information to the [Australian Taxation Office](#) for compliance purposes.

We may share the information you give us with other Commonwealth entities for purposes including government administration, research or service delivery, according to Australian laws.

As part of your application, you declare your ability to comply with the [Privacy Act 1988](#) and the [Australian Privacy Principles](#) and impose the same privacy obligations on officers, employees, agents and subcontractors that you engage to assist with the grant activity, in respect of personal information you collect, use, store, or disclose in connection with the grant activity. Accordingly, you must not do anything, which if done by us would breach an [Australian Privacy Principle](#) as defined in the [Privacy Act 1988](#).

The [NIAA's Privacy Policy](#) contains information about how you can access the personal information held by us and seek correction of the information. It also explains how you can make a complaint about a breach of the [Australian Privacy Principles](#). You can access the [NIAA's Privacy Policy](#) on our website or by emailing to privacy@niaa.gov.au for a copy of the policy.

13.4. Confidential information

We will treat the information you give us as sensitive and therefore confidential if it meets all of the three conditions below:

- you clearly identify the information as confidential and explain why we should treat it as confidential;
- the information is commercially sensitive; and
- revealing the information would cause unreasonable harm to you or someone else.

The Australian Government may use and disclose information about grant applicants and grant recipients under this grant opportunity in any other Australian Government business or function. This includes giving information to the [Australian Taxation Office](#) and other government agencies for compliance purposes.

We may reveal personal and confidential information to:

- the assessment panel, which may include our officers, community representatives and/or subject matter experts, and other Commonwealth employees and contractors to help us manage the NAIDOC Local Grants Opportunity effectively;
- our employees and contractors so we can research, assess, monitor and analyse our programs and activities;

- employees and contractors of other Commonwealth agencies for any purposes, including government administration, research or service delivery;
- other Commonwealth, State, Territory or local government agencies in program reports and consultations;
- the Auditor-General, Ombudsman or Privacy Commissioner;
- the responsible Minister or Parliamentary Secretary; and
- a House or a Committee of the Australian Parliament.

We may share the information you give us with other Commonwealth agencies for any purposes including government administration, research or service delivery and according to Australian laws.

The Grant Agreement will include any specific requirements about special categories of information collected, created or held under the Grant Agreement.

13.5. Fraud

If you suspect or know about fraudulent or corrupt activity by a NIAA employee, service provider or contractor, contact the NIAA Integrity Group by:

- Phoning our hotline on (02) 6152 3020
- Emailing integrity@niaa.gov.au

All reports are dealt with in the strictest confidence and your privacy is protected.

13.6. Freedom of information

All documents in the possession of the Australian Government, including those about this grant opportunity, are subject to the [Freedom of Information Act 1982](#) (FOI Act).

Under the FOI Act, members of the public can seek access to documents held by the Australian Government. This right of access is limited only by the exceptions and exemptions necessary to protect essential public interests and private and business affairs of persons in respect of whom the information relates.

All freedom of information requests must be referred to the Freedom of Information Coordinator in writing.

By mail: The Freedom of Information Coordinator National Indigenous Australians Agency PO
Box 2191

CANBERRA ACT 2601

By email: foi@niaa.gov.au

14. Consultation

These Guidelines draw on feedback received from previous stakeholder consultation processes and the NIAA's daily role in working with First Nations people and communities across Australia.

The NIAA will continue to review these Guidelines based on our experience in working with our grantees.

15. Glossary

Term	Definition
Assessment criterion	Is the specified principles or standards, against which applications will be judged. The criterion is also used to assess the merits of proposals and, in the case of a competitive grant opportunity, to determine application rankings.
Co-contributions (including financial and non-financial (in-kind))	Co-contributions are other funding and/or resources that will contribute to the running of your activity / event. Your activity / event should not solely rely on NAIDOC Local Grants funding. Co-contributions may be financial or non-financial (in-kind) support. In-kind support is the donation, or provision, of goods or services other than cash contributions (e.g. volunteer time, venue hire, sporting equipment, donation of goods e.g. BBQ supplies, vouchers, prizes). For further examples refer to section 5.1 (in-scope) and section 5.4 (out-of-scope) for items that could be funded by co-contributions.
Commonwealth Grants Rules and Principles 2024 (CGRPs)	Establish the overarching Commonwealth grants policy framework and articulate the expectations for all non-corporate Commonwealth entities in relation to grants administration. Under this overarching framework, non-corporate Commonwealth entities undertake grants administration based on the mandatory requirements and key principles of grants administration.
Control	Control is related to the people in your organisation who have decision-making authority over strategic direction or governance. For most entities, this will mean your Board or Management Committee. Depending on the legal entity type, control may mean: a. Directors and Secretary—Company Limited by Shares, Company Limited by Guarantee, Cooperatives b. Management Committee and Public Officer—ORIC-Registered Indigenous Corporations, Incorporated Associations c. Proprietor/partner—Sole traders, actual person partnerships. Note: for trusts, the trustee will typically be one of the legal entities above.
Corporations Act 2001	An act of the Commonwealth that sets out the laws dealing with business entities in Australia at federal and interstate level. It focuses primarily on companies, although it also covers some laws relating to other entities such as partnerships and managed grant funding schemes. Incorporation can be applied for through the Australian Securities and Investment Commission website.
Corporations (Aboriginal and Torres Strait Islander) Act 2006 (CATSI Act)	The law that establishes the role of the Registrar of Aboriginal and Torres Strait Islander Corporations, now called the Registrar of Indigenous Corporations, and allows Indigenous Australian groups to form corporations. The Corporations (Aboriginal and Torres Strait Islander) Act 2006 (CATSI Act) replaced the <i>Aboriginal Councils and Associations Act 1976</i> (ACA Act). Under the CATSI Act, laws governing Indigenous corporations have been modernised while retaining special measures to meet the specific needs of Indigenous Australians.

	Incorporation can be applied for through the Office of the Registrar of Indigenous Corporations (ORIC) website .
Decision maker	The person who makes a decision to award a grant.
Educational Institution	An educational institution is a place where people of different ages gain an education, including preschools, early learning/childcare centres, primary-elementary schools, secondary-high schools, Technical and Further Education (TAFE) and universities. Parents and community (P&C associations) and school holiday programs fall under this definition.
Eligibility criteria	Refer to the mandatory criteria which must be met to qualify for a grant. Eligibility criteria should be developed to enable objective validation and are either 'met' or 'not met'. Assessment criteria may apply in addition to eligibility criteria.
Grant	For the purposes of the CGRPs , a 'grant' is an arrangement for the provision of financial assistance by the Commonwealth or on behalf of the Commonwealth: a. under which relevant money or other Consolidated Revenue Fund (CRF) money is to be paid to a grantee other than the Commonwealth; and b. which is intended to help address one or more of the Australian Government's policy outcomes while assisting the grantee achieve its objectives.
Grantee	The individual/organisation which has been selected to receive a grant.
Grant activity / event	Is the activity / event the grantee is required to undertake with the grant money. It is described in detail in the Grant Application.
Grant Agreement	A legally binding agreement which sets out the relationship between the parties to the agreement, and specifies the details of the grant.
GrantConnect	Is the Australian Government's whole-of-government grants information system, which centralises the publication and reporting of Commonwealth grants in accordance with the CGRPs .
Grant Opportunity	Refers to the specific grant round or process where a Commonwealth grant is made to potential grantees. Grant opportunities may be open or targeted, and will reflect the relevant grant selection process.
Indigenous Corporation (Note: This definition is used for administering the Incorporation Requirements only – refer to Appendix 3).	Aligns with the s29-5 of the Corporations (Aboriginal and Torres Strait Islander) Act 2006 and Part 2 – Regulation 6 of the Corporations (Aboriginal and Torres Strait Islander) Regulations 2017 a. If the corporation has five (5) or more members—at least 51% of the members are Indigenous Australians. b. If the corporation has fewer than five (5) members but more than one (1) member—all of the members, or all but one of the members are Indigenous Australians. c. If the corporation has only one (1) member – that member is an Indigenous Australian. Note that 'member' is used as a term for ownership and may vary between entity types (e.g. 'shareholder' for co-operatives).

	and Aligns with s246-5 of the Act—a majority of the directors must be Indigenous peoples.
Management	Management refers to the responsibility for the day-to-day operation of the funded organisation. It includes: a. the CEO (or equivalent) b. the people occupying the highest positions in relation to: i. service delivery ii. finances iii. operations (e.g. property, ICT), and/or iv. human resources.
National Indigenous Australians Agency	Referred to in these Guidelines as NIAA, we, our or us
Owners	Depending on legal entity type, 'Owners' may be based on your: a. Members—ORIC-Registered Indigenous Corporations, Companies Limited by Guarantee, Incorporated Associations b. Shareholders—Companies Limited by Shares, Cooperatives c. Proprietors/partners—Sole traders, actual person partnerships d. Beneficiaries—Trusts If the grantee is a for-profit entity, ownership relates to those who draw a financial benefit from the entity (other than a salary/wage). For not-for-profits, 'benefit' is a broader term that may include social/cultural benefits or maintaining an asset or rights (including native title).
Partnership	A partnership is a business structure made up of two (2) or more people who distribute income or losses between themselves. Individual states and territories govern partnership laws through their relevant Partnership Act. See Partnership business.gov.au
Selection process	The method used to select potential grantees. This process may involve comparative assessment of applications or the assessment of applications against the eligibility and/or assessment criterion.
Sole Trader	A Sole Trader is legally responsible for all aspects of their business including any debts and losses and day-to-day business decisions. See Sole trader business.gov.au
Value with money	Value with money in this document refers to a judgement based on the grant proposal representing an efficient, effective, economical and ethical use of public resources and determined from a variety of considerations. When administering a grant opportunity, an official will consider the relevant financial and non-financial costs and benefits of each proposal including, but not limited to: ▪ the quality of the grant activity proposed ▪ fitness for purpose of the proposal in contributing to government objectives/intended outcomes of the grant activity

	▪ the capacity of the grantee to engage a suitable audience, potentially around an identified need or significant cultural event/circumstance, ▪ the potential grantee's relevant experience, and performance history and ▪ co-contributions (including financial or non-financial (in-kind)) to assess the overall cost of an activity / event and how NAIDOC Local Grant funding may contribute to the delivery of it. Value with money is sometimes referred to as 'value with relevant money' or 'value for money'.
--	--

16. Scoring Matrix

Rating/Score	Description
0	The response fails to address or meet the assessment criterion.
1	The response fails to demonstrate the experience, resources and capability of the organisation.
2	The response provides very limited detail to demonstrate the experience, resources and capability of the organisation.
3	The response satisfactorily demonstrates the experience, resources and capability of the organisation.
4	The response thoroughly demonstrates the experience, resources and capability of the organisation.
5	The response shows that the organisation has exceptional experience, resources and capability.

Appendix 1: IAS Program 1.4 Objectives & Outcomes

About the Indigenous Advancement Strategy

The Indigenous Advancement Strategy (IAS) is one way the Australian Government funds and delivers programs for Aboriginal and Torres Strait Islander Australians, to address the targets under the [National Agreement on Closing the Gap](#). There are a number of grant opportunities under the IAS, including the grants process outlined in these Guidelines.

The IAS contributes to the NIAA's Outcome 1: *Indigenous - Lead the development and implementation of the Australian Government's agenda to support the self-determination and aspirations of Aboriginal and Torres Strait Islander peoples and communities through working in partnership and effectively delivering programs.*

Under the IAS, grant opportunities are available under the following six programs:

- 1.1 Jobs, Land and Economy
- 1.2 Children and Schooling
- 1.3 Safety and Wellbeing
- 1.4 Culture and Capability
- 1.5 Remote Australia Strategies
- 1.6 Research and Evaluation

Program 1.4 Culture and Capability

The objectives of the Culture and Capability Program are to:

- Support the expression engagement and re-vitalisation of Aboriginal and Torres Strait Islander cultures.
- Increase Aboriginal and Torres Strait Islander peoples' participation in the social and economic life of Australia through strengthening the capability, governance and leadership of Aboriginal and Torres Strait Islander peoples, organisations and communities.
- Promote broader understanding and acceptance of the unique place of Aboriginal and Torres Strait Islander cultures in Australian society.

Description

The Culture and Capability Program acknowledges the intrinsic value of culture to Aboriginal and Torres Strait Islander peoples identity. It contributes to Aboriginal and Torres Strait Islander peoples participating freely and fully in Australian society as equals and free from discrimination. Strong culture supports the achievement of outcomes across the IAS priority areas of schooling, economic participation and community safety.

Culture is central to the lives of Aboriginal and Torres Strait Islander peoples and is a key factor in improving and maintaining wellbeing. Pride in culture plays a pivotal role in shaping Aboriginal and Torres Strait Islander peoples' aspirations and choices. Efforts to address Indigenous disadvantage must recognise and build on the strengths of Aboriginal and Torres Strait Islander cultures and identities.

Supporting culture better enables Aboriginal and Torres Strait Islander peoples, organisations and communities to participate fully in the social and economic life of Australia. It provides a platform by which individuals, families and communities can contribute to their own development in culturally informed ways. Recognition of the value of Aboriginal and Torres Strait Islander cultures assists in the achievement of a just, inclusive and socially cohesive society.

The Culture and Capability Program focuses on developing skills, knowledge and competencies of Aboriginal and Torres Strait Islander peoples, including supporting effective leadership and

governance within Aboriginal and Torres Strait Islander communities and organisations. Improving capability can contribute to the development and maintenance of effective partnerships with Aboriginal and Torres Strait Islander peoples, organisations and communities.

Strengthening the capability of Aboriginal and Torres Strait Islander organisations also plays an important role in building social capital of Aboriginal and Torres Strait Islander communities.

Capable Aboriginal and Torres Strait Islander organisations with strong leadership that are connected to their communities can facilitate delivery of high quality services and community development initiatives to Aboriginal and Torres Strait Islander peoples.

Strengthening Aboriginal and Torres Strait Islander culture and capability underpins the government's new engagement with Aboriginal and Torres Strait Islander peoples; an engagement through which the government and its workforce are better able to work in partnership with Aboriginal and Torres Strait Islander peoples to understand and develop tailored responses to the aspirations and priorities of communities.

Program outcomes

The desired outcomes of the Culture and Capability Program are to:

- Contribute to the strengthening of Aboriginal and Torres Strait Islander cultural expression and re-vitalisation, including recognition of Australia's shared history and valuable Aboriginal and Torres Strait Islander heritage.
- Support activities that increase the participation of Aboriginal and Torres Strait Islander peoples in Australian society through improved individual, community and organisational capability and leadership.
- Promote the unique place Aboriginal and Torres Strait Islander peoples and their cultures have in Australian society.

Activities that contribute to Program outcomes

1. Indigenous cultural expression and conservation

Indigenous cultural activities support Aboriginal and Torres Strait Islander peoples to:

- express and engage with their culture;
- identify, conserve or promote heritage places and practices of significance; and
- strengthen culture by sharing cultural knowledge with younger generations and the broader community.

Activities should support Aboriginal and Torres Strait Islander peoples' aspirations to reconnect with culture and country, practice cultural traditions and maintain heritage places. Aboriginal and Torres Strait Islander heritage places may include landscapes, sites and areas that are particularly important to Indigenous Australians as part of their customary lore, developing traditions, history or current practices.

Activities may include:

- engaging young Aboriginal and Torres Strait Islander peoples and future generations in the practice and expression of culture;
- sharing cultural knowledge and history across generations and with non-Aboriginal and Torres Strait Islander peoples;
- preserving and protecting of cultural heritage, not including sites management; and
- identifying, conserving and promoting Aboriginal and Torres Strait Islander heritage places.

Out-of-Scope activities include:

Activities that fall within the scope of the [Department of Infrastructure, Transport, Regional Development, Communications and the Arts](#), including:

- Indigenous Art Centres operational and capital works funding
The Indigenous Visual Arts Industry Support (IVAIS) program provides modest core operational funding to Art Centres. See the [Office for the Arts](#) website for more information;
- Indigenous Language Centres, operational and capital works, projects with an arts outcome;
- Indigenous arts worker wages;
- Indigenous repatriation;
- regional touring exhibitions;
- production and presentation of arts activities at regional and remote festivals; and
- arts training bodies.

Activities that fall within the scope of the Australia Council for the Arts' Aboriginal and Torres Strait Islander Board, see the Australia Council's website, for example:

- music;
- dance;
- theatre;
- multi-art form;
- emerging and experimental works;
- literature;
- visual arts;
- community arts; and
- cultural development projects.

Activities that fall within the scope of Screen Australia, and state or territory based screen agencies, for example:

- film or other screen based works;
- bilingual education, curriculum resources and other activities that are the core business of schools; and
- attendance at, or organisation of, sorry business / funerals.

2. Increased participation in society through improved capability and leadership

Capacity building and leadership activities strengthen the capability of Aboriginal and Torres Strait Islander peoples to work together to address each community's needs, arrive at an agreed vision for their own community, determine priorities, and articulate and negotiate these with government and service providers.

Capability building activities should contribute to strengthening the capacity and capability of Indigenous Australians so:

- they are better able to contribute to decisions on matters that affect them;
- communities are better placed to lead reforms on matters that affect them;
- organisations are better placed to deliver funded services to the required standard; and

- developing the leadership skills of Aboriginal and Torres Strait Islander peoples will contribute to strengthening the governance and capabilities of Aboriginal and Torres Strait Islander peoples as leaders and organisations. This includes strengthening personal leadership, so that people are better equipped to make sound decisions about their own futures, and about matters that impact on their families.

Activities may include:

- strengthening the capability and leadership of Aboriginal and Torres Strait Islander individuals and supportive community systems, such as those underpinning making decisions, building productive networks and handling conflict;
- addressing barriers to development and participation at the individual and community levels, including supporting access to healing, cultural re-engagement and life skills activities;
- supporting community building and cohesion initiatives that empower Aboriginal and Torres Strait Islander peoples to demonstrate leadership in reforms that contribute to safer, more functional families and communities;
- improving the capability and governance of Aboriginal and Torres Strait Islander peoples so they can more effectively deliver services to Aboriginal and Torres Strait Islander peoples and communities;
- Aboriginal and Torres Strait Islander language interpreter services, including training and development for interpreters; and
- initiatives aimed at overcoming trauma-induced community dysfunction.

Out-of-Scope

Out-of-scope activities include:

- activities unable to demonstrate the need and support of Aboriginal and Torres Strait Islander peoples;
- activities that do not have clearly defined deliverables that lead to long-term sustained benefits and outcomes; and
- activities not tailored to local circumstances, that cannot demonstrate active participation and agreement of the target group, or that don't address the specific issues in a community or organisation.

3. Promote the unique place of Indigenous cultures in Australian society

The Culture and Capability Program aims to increase levels of understanding and respect for Aboriginal and Torres Strait Islander peoples and their cultures. Activities should highlight the enduring contributions of Aboriginal and Torres Strait Islander peoples and cultures to the life of the nation, and raise public awareness about the recognition of Aboriginal and Torres Strait Islander peoples in the Commonwealth Constitution.

Activities may include:

- promoting understanding of the importance of Aboriginal and Torres Strait Islander heritage and the unique place of Aboriginal and Torres Strait Islander cultures in Australian society;
- promoting unity by rectifying misunderstandings of the past and highlighting the contributions made by Aboriginal and Torres Strait Islander peoples to Australian society, past and present;
- recognising significant events or people in Aboriginal and Torres Strait Islander history; and
- promoting recognition of Aboriginal and Torres Strait Islander peoples in the Commonwealth Constitution.

Out-of-Scope

Out-of-scope activities include:

- activities falling within the scope of Reconciliation Australia, for example, the development or implementation of Reconciliation Action Plans;
- developing and delivering Cultural Appreciation Programs;
- Welcome to Country services or ceremonies; and
- activities not supported by the Aboriginal and Torres Strait Islander community or organisations where the activity or service is to be run.

Appendix 2: NIAA Regions and Offices

You can use the above map to identify which NIAA Region your activity / event will be located in. If you are unsure of the NIAA Region, please contact your local [NIAA Regional Office](#) or email NAIDOCGrants@niaa.gov.au.

Appendix 3: Incorporation requirements

Subject to certain exceptions, under the [Strengthening Organisational Governance Policy](#) all organisations receiving grant funding totaling \$500,000 or more in any single financial year from the NIAA are required to:

- incorporate under Commonwealth legislation - First Nations organisations will be required to incorporate under the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) and other organisations will be required to incorporate under the [Corporations Act 2001](#); and
- maintain these arrangements while they continue to receive any IAS funding.

The incorporation requirements apply to grant funding under Grant Agreements or variations executed on or after 1 July 2014. Grants for capital works and funding sourced through procurement activities are not included in the calculation of applicable funding. Statutory bodies, government bodies, and organisations operating under a specific piece of legislation are excluded from the requirements and do not have to apply for an exemption.

Indigenous organisations already incorporated under the [Corporations Act 2001](#) do not have to change their incorporation status. However, all other Indigenous organisations in scope of this policy must incorporate under the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) so they can access the assistance and support available under the Act. Organisations will need to comply with this requirement as part of their Grant Agreement. Non-compliance will constitute a breach and may result in the termination of the Grant Agreement.

Organisations will have a six-month transition period to comply with the incorporation requirement from the execution of the Grant Agreement or variation of an existing Grant Agreement. At the Commonwealth's discretion extended transition periods may be granted to organisations if the organisation has applied for an extension in writing and can provide evidence that they have made reasonable attempts during the six month period to transition, but are unable to meet this requirement in that time.

Organisations may apply for an exemption from the requirement to incorporate under the [Strengthening Organisational Governance Policy](#). Applications for exemption must be submitted using the process outlined by the NIAA. Details about the exemptions policy and the Application for Exemption form can be found on the NIAA's website. Exemptions will be considered where an organisation can demonstrate at least one of the following:

1. that grant funding received from the NIAA is a small portion of its total revenue, and as such changing incorporation status may unfairly impose additional requirements on its operations and business model; or
2. it is required to incorporate under specific non-Commonwealth legislation as part of its licensing arrangements or funding received through other sources.

Applications for exemption will be considered on a case-by-case basis, and will take into consideration information demonstrating that the organisation is well-governed, high-performing and low risk. Applications for exemption from the requirements should be lodged through the Agreement Manager in the [NIAA Regional Office](#). Applications should be lodged within the transition period, as soon as practicable once an offer of funding has been made. Organisations will be expected to comply with the requirements within the transition period should an exemption not be granted.

Support for Indigenous organisations transferring to the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) is available through the [Office of the Registrar of Indigenous Corporations](#) (ORIC). This includes assistance in developing a rulebook, guidance on the process to transfer incorporation, and access to pro bono legal assistance through the [LawHelp](#) service.

OFFICIAL

Organisations required to transfer their incorporation from State and Territory legislation to either the [Corporations \(Aboriginal and Torres Strait Islander\) Act 2006](#) or the [Corporations Act 2001](#) may incur some additional, one-off costs for independent legal advice and accountancy services to support the transfer of incorporation. **To assist those organisations required to transfer their incorporation status, the NIAA will provide a one-off \$10,000 payment upon receipt of evidence that the transfer has occurred.**

Please refer to the NIAA's [website](#) for further information.

Appendix 4: Applicant checklist

Before you submit an application, we recommend you use the following checklist to ensure your application is complete and contains the information needed for the application to be eligible and undergo the assessment processes.

	This document titled 'Indigenous Advancement Strategy - 2026 NAIDOC Local Grants - Grant Opportunity Guidelines' has been read and understood.
	Eligibility criteria set out in this document are understood and met, including that the proposed activity / event contributes to the grant objectives.
	For Stream One and Two – Educational Institutions and Small-Scale Grant applications – you have identified any financial and non-financial (in-kind) co-contributions to support the activity / event using the checkboxes in the application form. Providing details of this co-contribution may strengthen your application.
	For Stream Three - Large-Scale Grant applications (seeking funding of more than \$10,000 and up to \$25,000 (excluding GST)), the assessment criterion set out in this document is understood and met. You can provide an itemised list of financial and non-financial (in-kind) co-contributions to strengthen your application.
	You have provided an itemised budget of requested funding and that no funding has been requested for out-of-scope items listed at section 5.4.
	For Partnerships or Sole Traders – a Letter of Support from the secondary organisation (educational institution or organisation / event organiser) is attached that meets the requirements set out in section 7.2.
	For non-Indigenous organisations - your application is supported by the local First Nations community and/or stakeholders. You should include a Letter of Support with your application, or be able to provide evidence of this support, if requested.
	In the case of a Partnership or Sole Trader using their own premises – you should provide a Letter of Support from confirmed attendees.
	Evidence can be provided to demonstrate incorporation and/or Indigeneity status where applicable.
	The sample Grant Agreement has been read. When an application is submitted applicants must confirm that, if their application is successful, they will accept the Terms and Conditions set out in the Letter of Offer and Schedule. If you are unable to accept the Terms and Conditions, you should discuss this with the NIAA Regional Office before completing the application form.
	If the applicant has a current NIAA Grant Agreement, have the Organisation ID ready. The 'Organisation ID' can be found on the Grant Agreement.

Completing the application form

	Ensure every section of the application form is completed. For Stream Three - Large-Scale Grant applications seeking funding of more than \$10,000 and up to \$25,000 (excluding GST), the assessment criterion must be addressed within the application form.
	Complete the application form in English.
	Complete the 'Declaration' section of the application form. Ensure all fields are completed including the checkboxes. Instead of physically signing the document, the applicant, or person authorised to act on behalf of the applicant, should type their full name in the field.

Joint (consortium/auspicing) applicants:

	Ensure the nominated lead organisation (the applicant) is a legal entity capable of entering into a Grant Agreement with the NIAA.
	Attach a Letter of Support from each joint/consortium organisation. Ensure that each Letter of Support includes the information required as set out in section 7.3.

Non-government applicants that do not have a current Grant Agreement with NIAA

If you are a non-government applicant and do not have an existing Grant Agreement with the NIAA you must attach the following supporting documentation:

	A copy of the applicant's most recent financial statements, such as an audited expenditure report, income and expenditure statement, or a balance sheet.
	A copy of the applicant's Certificate of Incorporation where relevant. Organisations registered with Australian Charities and Not-for-profits Commission are exempt from this requirement.
	If the applicant is not able to quote an ABN as required in the application form they will be required to provide a copy of a completed ' Statement by a supplier (reason for not quoting an ABN to an enterprise) ' form that can be found on the ATO website.
